Questions

Name: 33_Karen, 26_Chloe, 39_Ollevya

Group name: Carot

1) How does the lack of manpower affect the business?

Student 1 – There will not be enough employees to cater to customers

Student 2 – It would cause customer service, there would be longer waiting time in providing services.

Student 3 – Might affect the company's structure

Student 4 – There will be quality control issue, eg. Rushing food process to serve to customers

Student 5 – There will be a high risk of employee burnt out and stress

2) What can be done to help the lack of manpower?

Student 1 – Increase pay

Student 2- Improve working condition

Student 3- Distribute job evenly

Student 4- Employees can communicate with each other

Student 5- Building a strong employer brand for eg, communicating clearly about company's culture and values to attract more employees.

3) Is it hard to hire specific employees for the company?

Student 1- Yes. Some companies would have specific skill sets they want.

Student 2- No, Because there are many people working in the specific departments that they are looking for.

Student 3- Yes, there might talent shortage where the candidates may not have the specific skill set for the job

Student 4- Yes, there will be competition between the employees

Student 5- Yes, as there might be time constraint as hiring specific people maybe time consuming.

4) How can FNB owners attract more employees?

Student 1- By having more deals

Student 2 – Promoting or advertising their restaurants online

Student 3 – Employee referral programs, encourage existing employees to refer qualified candidates

Student 4- Building on company's culture to attract more employees

Student 5- Make employees feel valued with recognition, eg. Creating certificates to give out to the employees.

5) Do you think it will be effective to hire more employees?

Student 1- Yes, work will be more distributed evenly

Student 2- No, because there is a high chance of overcrowding which leads to workers slacking off.

Student 3- Yes, as it improves employees morale and mental health.

Student 4- Yes. People have different experiences that they can provide for the business

Student 5- Yes, Because it helps to speed up the workload.

6) Would a Kiosk machine help the lack of manpower in FNB industry

Industry

Student 1- Faster service and reduce queues

Student 2- Customers can customize their orders

Student 3- Increase accessibility to the menu, more time to decide

Student 4 – Be more accurate in orders

Student 5- Yes, Difficulty in dealing with a lot of customers daily.

7) Do you think being in the FNB industry is difficult?

Student 1- Yes, customers can be rude towards the employees

Student 2- Yes, there is long working hours and not able to rest for a minute.

Student 3- Yes, Because in general, the FNB industry has high expectation.

Student 4- No, Sometimes if the restaurant is not crowded, it is quite calm.

Student 5- No, Because time passes very fast when working or busy.

Questions

8) What do you think FNB owners can do to improve service quality?

Student 1- Train employees like for eg. Haidilao

Student 2- Engage in customers needs

Student 3- Employ people who are more friendly and are able to communicate well with people

Student 4- Employees can great the customers

Student 5- Continue to maintain their standard and improve in their aspects.

9) Why do you think people would not want to work in the FNB industry?

Student 1- High expectations and strict towards work cleanliness

Student 2 -Because people look down on the profession as they do not think it is a high salary job

Student 3- It is tough as customers are hard on the workers.

Student 4- People prefers to be served instead of serving other people.

Student 5- They would prefer a more easygoing job than working in the FNB industry

10) Would you want to work in FNB industry?

Student 1- No, I do not want to work in FNB industry, it will be stressful and people will have high expectations of me, as well as not being lenient even if I have past experience.

Student 2 – Yes. Because high pay and high in demand.

Student 3- Yes. Can work part time as student as it is more flexible towards schedules.

Student 4- No, I do not want to be serving a lot of people and deal with potentially rude customers

Student 5– No, because it will be mentally tiring and feels physically exhausted.

Empathy Map

 **EMPATHY MAP**

 **THINK AND FEEL**

- Tired of the slow service
- Feels frustrated
- Feel hungry

Name: 23_Karen, 28_Chloe,
30_Olivia

Group name: Carot

 **SEE**

- See the crowded restaurants
- See people minding their own business

06

Conclusion

Feedbacks

Number	Questions	Answers
1	Do you think the design is attractive?	'G' – The design is appealing. 'S' – The design is fitting for the theme. 'E' – The design is minimalistic.
2	Is there too many functions?	'G' – The number of functions are just right and easy to use. 'S' – It can get a bit confusing with how many pages are there. 'E' – The functions are enough and not too much.
3	Do you think is there any room for improvements?	'G' – There are no rooms for improvement. 'S' – I think that the site can improve on the pictures as I would appreciate pictures on the drinks menu as well. 'E' – Hoping that the site can provide more appetizers.
4	Do you go to restaurants often?	'G' – Yes for the ambiance. 'S' – No because I am lazy. 'E' – Yes I like to try out different restaurants.
5	Do you think this app will be helpful to the restaurant?	'S' – Yes it will be helpful as when I am feeling lazy, I can just online order from the restaurant. 'G' – Yes there is more time for me to order 'E' – Yes as I can make reservations before hand for special occasions.

In Conclusion,

- We think that we can improve on some aspects of the websites like for example, the menus
- Our website will be able to help the restaurant with their lack of manpower, as they can reserve seats beforehand.
- The website is easy for customers to use and attractive.

Thank You
